**SUBJECT** Access to and Dissemination of Restricted Data

**Refs.:** (a) DoD Directive 5210.2, "Access to and Dissemination of Restricted Data, " October 18, 1968 (hereby canceled)  
(b) Atomic Energy Act of 1954, as amended (Public Law 83-7'03)  
(c) Energy Reorganization Act of 1974 (Public Law 93-438)  
(d) through (h), See enclosure 1

### A. REISSUANCE AND PURPOSE

This Directive reissues reference (a) to update policies and procedures governing access to and dissemination of Restricted Data by the Department of Defense. It implements reference (b) as modified by references (c) and (d). Reference a) is hereby canceled and superseded.

### B. APPLICABILITY AND SCOPE

The provisions of this Directive apply to the Office of the Secretary of Defense, the Military Departments, the Organization of the Joint Chiefs of Staff, the Unified and Specified Commands, and the Defense Agencies, hereafter referred to as DoD Components.

### C. DEFINITIONS

For the purposes of this Directive, definitions in enclosure 2 apply.

### D. AGREEMENTS

1. In implementation of section 143 (enclosure 3) of reference (b), the Secretary of Defense notified the Atomic Energy Commission" (AEC) that the established personnel and other security procedures of the Department of Defense and its agencies (DoD Regulation 5200.1-R (reference (f)), DoD Directive 210.8 (reference (g)), and DoD Regulation 5220.22-R (reference

(h) )) were adequate and in reasonable conformity with the standards established by the Commission. Subsequent to the enactment of the Energy Reorganization Act of 1974 (P.L. 93-438) (reference (c)) and the Department of Energy Organization Act (P .L. 95-91) (reference (d)), this notification has been reaffirmed to the successor agencies of AEC. In addition, the security procedures agreed to over the years by DoD and AEC and its successor agencies have remained in effect.

2. The Department of Defense will assume responsibility for the safeguarding of Restricted Data in its custody and control further dissemination to DoD employees and its contractors.

3. The Department of Defense will assume responsibility y for assuring that those persons who sign certifications, as set forth in E.1.b. (1), are, in fact, authorized to sign them.

4. For personnel of other Federal agencies who have a need-to-know in performance of their official duties, the Department of Defense agrees to accept Department of Energy (DOE) and Nuclear Regulatory Commission (NRC) clearances for access to classified information (including Restricted Data), on the following equivalent basis:

DOE and NRC Clearances

DoD Clearances

"L" (For NRC employees, consultants, and contractor personnel valid for access up to and including SECRET National Security information and Restricted Data at the CONFIDENTIAL level only)

SECRET

"L" (For DOE contractor personnel only, valid for access up to and including SECRET National Security information and Restricted Data at the CONFIDENTIAL level only) ("L" clearances are not granted to internal DOE personnel)

SECRET

"Q"

SECRET

"Q" (With specific authority for TOP SECRET access )

TOP SECRET

DoD contractor granted CONFIDENTIAL clearances are not valid for access to Restricted Data.

5\* Subsequent to implementation by the National Aeronautics and Space Administration (NASA) of section 304(b) of the National Aeronautics and Space Act of 1958 (P. L. 85-568) (reference (e)), the Department of Defense and NASA have agreed that exchanges of Restricted Data related to aeronautical and space activities between personnel of the two agencies and their contractors shall be controlled and safeguarded in the same manner and under the same rules as other classified information.

E. POLICIES AND PROCEDURES

1. Access

a. Within and between DoD Components, to include contractor activities, access to Restricted Data information **will** be governed by the same procedures and criteria as govern the access to other classified information:

(1) Require access in performance of official duties.

(2) Have a valid DoD security clearance at a level commensurate with the information concerned.

b. Requests for access to Restricted Data in the possession of DOE or other Federal agencies designated by DOE, other than DoD and NASA, will be made utilizing **DOE** Form 277, "Request for **Visit** or **Access** Approval. "

(1) The Secretary of Defense; the Deputy Secretary of Defense; the Secretaries of the Military Departments; the ~~Chairman~~, Joint Chiefs of Staff; the Chairman, Military Liaison Committee (**DOE-DoD**); the Directors of the Defense Agencies; and their designees, are authorized to certify the need of DoD personnel, under their jurisdiction, to have access to Restricted Data in the possession of **DOE** and other Federal agencies designated by DOE. These officials shall forward their lists of designees to the Chairman, Military Liaison Committee, who shall transmit a composite list to DOE and to the Deputy Assistant Secretary of Defense (Security Policy) for incorporation into **enclosure** 5 to this Directive. Strict adherence to "need-to-know" principles will be followed. For Navy and Air Force, the authority to certify for Restricted Data access shall not be designated below the level of the authority granting the security clearance. For Army, the authority to certify for Restricted Data access shall not be designated below Brigade level or equivalent. For contractor employees, the need for access to Restricted Data **will**, in **all** cases, be certified by a Government Contracting Officer.

(2) Those persons listed in **E.1.b.** (1), or their designees, **shall** submit requests for access to Restricted Data directly to **DOE**, Director of Safeguards and Security, Washington, D. C. 20545. Requests should be forwarded through established security channels.

(3) DoD requests for access to Restricted Data, in the possession of Federal agencies other than the Department of Defense, pertaining to the Army Research Reactor Program and the Navy Research Reactor Program **shall** be submitted to the U.S. Nuclear Regulatory Commission, Division of Security, Washington, D. C. 20555.

(4) DoD requests for access to Restricted Data pertaining

to weapons programs **shall** be submitted directly to the Managers of the Albuquerque or San Francisco DOE Operations Offices (or to those officials designated by these Managers), **provided:**

(a) The requesting activity is performing work with or for DOE or its contractors under the jurisdiction of the Albuquerque or San Francisco Operations Offices pursuant to a formal written agreement; or

(b) The requesting activity has been specifically authorized to make requests directly to DOE Managers of Operations for specific areas of mutual interest within the weapons programs.

(5) **In situations other than** specified in E .1.b. (3) and (4), DoD requests for access to Restricted Data in the custody of DOE personnel shall be submitted to the DOE Headquarters Division having responsibility for the subject matter involved.

(6) When it is necessary for a DoD activity to establish authority for requesting access directly from DOE Managers of Operations, a request for such authority shall be submitted to the DOE Headquarters Division responsible for the program to which access is required.

(7) **DOE** has authorized its personnel to accept oral requests in emergencies. In those instances, all of the information required in DOE Form 277 shall be provided. Thereafter, an appropriate written confirmation shall be forwarded. Personnel authorized to approve requests for **access** to or release of Restricted Data **shall** make determinations of emergency situations or conditions.

(8) If an individual requires repeated access to the same type of information or continuing visits to a facility, under the cognizance of the same approving authority, the request shall so specify. Local arrangements for continuing access may be made for a specified period not to exceed 1 year. Access by members of the Armed Forces may be arranged for the specified period of the assignment for which access was originally approved.

## 2. Dissemination

a. DoD personnel may disseminate Restricted Data information only under the following guidelines:

(1) Within and between **DoD** Components, to include DoD contractors, dissemination of Restricted Data information will be governed by the same procedures and criteria as govern the dissemination of other classified information.

(2) Dissemination of Restricted Data information may be made to **properly** cleared DOE personnel and to DOE-cleared personnel of other Federal agencies.

(3) Dissemination of Restricted Data information pertaining only to nuclear research reactors or nuclear electric power generating reactors may be made to NRC personnel. Restricted Data not related to these *reactors may* be released to NRC personnel only through DOE.

(4) Dissemination of Restricted Data information other than that pertaining to aeronautical. and space activities may be released to NASA personnel only through DOE.

(5) In **all** above cases, dissemination of Restricted Data **information will** be made only after the holder of the information has verified:

(a) The identification of the prospective recipient.

(b) The validity of the prospective recipient's clearance.

(c) The "need-to-know" of the prospective recipient in connection with official duties.

b. Dissemination of Restricted Data and Formerly Restricted Data to any nation or regional defense organization or to a representative thereof, is prohibited except in accordance with agreements for cooperation, entered into pursuant to section 123 (enclosure 4 ) of the Atomic Energy Act of 1954, as amended (reference (b)).

c. Except as provided in E.2.b., Formerly Restricted Data **will** be treated and disseminated in the manner prescribed for classified . information in DoD Regulation 5200.1-R (reference (f)).

#### F. CRITICAL NUCLEAR WEAPON DESIGN INFORMATION (CNWDI)

1. Access to and dissemination of **CNWDI**, as defined in enclosure 2, is of particular concern to the Department of Defense. Because of the extreme sensitivity of this type of information, access must be limited to the absolute minimum number of persons who need it to **accomplish** their assigned responsibilities. To meet this **objective**, the following special procedures for controlling **CNWDI** information **have** been established.

##### a. Clearances and Need-to-Know

(1) As a minimum, the required security clearances for personnel eligible for access to **CNWDI** shall. be:

(a) Final TOP SECRET or SECRET (as appropriate ), or

(b) **DOE "Q"** for **non-DoD** personnel.

(2) U.S. citizenship is required, except in rare instances when an immigrant alien may possess unique or very unusual talent or skill that is essential to the U.S. Government and not possessed to a comparable degree by an available U.S. citizen. In such exceptional cases, an affirmative determination **shall** be made that it is in the **overall** best interests of the United States to grant **CNWDI** access to an immigrant alien. Such a determination shall be made by the Secretary of Defense or his designee, based upon the recommendation of the Head of the responsible DoD Component.

(3) Written or oral communication of **CNWDI** **shall** be strictly limited to those personnel who have a "need-to-know." Management personnel at all levels shall not automatically approve requests for access to **CNWDI**, but shall insist upon full justification and shall reject any requests that are not completely justified. The Head of each DoD Component and management personnel at all levels are assigned a special responsibility to insure that this "need-to-know" principle is **strictly** enforced.

b. Briefings. Personnel having a need for access to **CNWDI** shall be briefed on its sensitivity. Briefing and access authorizations will be recorded in appropriate security records. Records of **CNWDI** briefings and access authorizations **will** be maintained in a manner that would facilitate verification.

c. Marking. Documents or other media as defined in DoD Regulation 5200.1-R (reference (f) ), which contain **CNWDI** and are generated **after** July 1, 1978, **shall** be clearly marked, "Critical Nuclear Weapon Design Information - **DoD Directive** 5210.2 applies. " **Similar** documents published before **July** 1, 1978, and which are in working files, will be similarly marked when they are withdrawn from files. In addition, paragraphs of documents generated after July 1, 1978, which contain **CNWDI**, **will** be so marked. Example: (S-RD) (N). An (N) following the classification denotes that the classified material is additionally identified as **CNWDI**.

2. Within and between **DoD** Components, to include **DoD** contractors, except for the special requirements enumerated above, access to **CNWDI** **will** be controlled in the same manner **as** other classified information.

#### G. EFFECTIVE DAZE AND IMPLEMENTATION

**This** Directive is effective immediately. Forward **two** copies of implementing documents, and any subsequent amendments, to the Assistant

Secretary of Defense (Comptroller) within 90 days. One copy shall be marked to indicate implemented sections, subsections, paragraphs, and subparagraphs of this Directive.
